In spite of COVID-19, we're excited to be able to welcome new and continuing dancers to a "LIVE" audition experience. Whether you're auditioning in *hopes* of attending a sweat-inducing summer intensive, have *dreams* of joining our incredible Company family, or *BOTH*, this will be a new experience for all. So, don't worry, we're not expecting perfection, we just need to get a feel for who you are, how you take class, and where you stand technically and artistically. Whether in your living room, garage, a closet, or out in the grass, *#nojudgement* will be made based upon where you take the audition. We do ask that you look neat and tidy with your hair out of your face, are dressed in form-fitting dance wear that shows your entire body, and that you are fully framed in the camera. The audition will consist of a short ballet barre (no pointe work) followed by a contemporary/jazz combination...and we may just ask you a couple of quick questions. Aside from something to hold onto (a proper or make-shift ballet barre) for ballet, you won't need anything else and minimal space will be required to execute each portion of the audition.

We're so excited to be entering our 10th Season at SWEATshop and are looking forward to potentially welcoming you into the vibrant SWEATshop atmosphere. See you at the audition!
